To Whom It May Concern,

I am writing to offer my strongest recommendation for João Tremoço, who served as a Senior AI Scientist at Youverse. During his tenure with us, João consistently demonstrated exceptional expertise and an innovative mindset in the field of artificial intelligence, leaving a lasting and measurable impact on our organization.

From the outset, João proved to be a rare combination of deep technical knowledge, excellent soft skills, and strategic thinking. He led several high-impact projects, including deepfake detection and AI monitoring, which not only improved our core products but also significantly advanced Youverse's AI capabilities in support of the company's growth. His ability to design and implement cutting-edge models—particularly in the areas of computer vision and biometrics—was instrumental in driving both efficiency and innovation.

João brings not only a deep command of AI and machine learning but also a strong sense of integrity, curiosity, and a genuine passion for solving real-world problems. I have no doubt that **he** will be a tremendous asset to any organization fortunate enough to have him.

Please feel free to contact me if you require any further information.

Sincerely,

António Miguel Marques Rodrigues Pereira Lourenço
